Qualifying Customers

This program is applicable to the commercial / industrial and agricultural customers of Meeker Cooperative Light & Power Association.

Rebate Program Guidelines

Meeker Cooperative Light & Power Association offers cash rebates to qualifying customers who purchase and install qualifying energy-efficient lighting products in new buildings.

Specific Rules and Qualifications

- 1. Energy-efficient electronic and cathode-disconnect ballasts must meet the following ballast performance criteria:
• Power Factor greater than .90
• Total Harmonic Distortion (THD) of less than .20
• Current Crest Factor (CCF) of less than 1.7
• Class "A" sound rating
• UL approved, Class 'P'
• Three-year manufacturer's equipment warranty
• Ballast factor greater than .7
2. Compact Fluorescent Lamps must meet the following minimum criteria:
• Power factor greater than .90
• Total Harmonic Distortion less than .35

Warranty Information

Rebate qualifications do not imply any representation or warranty of such equipment, design, or installation by Meeker Cooperative Light & Power Association. Meeker Cooperative Light & Power Association shall not be responsible or liable for any personal injury or property damage caused by this equipment.

Other Important Program Rules

- 1. Installation must be complete before funds will be issued for the rebate.
2. Customers and vendors must submit itemized equipment invoices along with rebate applications and worksheets to Meeker Cooperative Light & Power Association.
3. Meeker Cooperative Light & Power Association reserves the right to conduct random inspections of installations.
4. The customer is responsible for checking with Meeker Cooperative Light & Power Association to determine whether funding is available and to verify program parameters.
5. The maximum rebate amount shall be limited to 50% of the project cost up to \$5,000.
6. Qualifying customers must apply for Year 2005 rebates no later than November 30, 2005.
